## Warren and Bonnie

Warren started kindergarten this fall and he loves it. He knows everyone's name at his school. He likes his teachers and they like him. And why wouldn't they?

Bonnie and Warren have fun playing together and they make the most of it. Even a box becomes a plane and Bonnie gets to pilot!

Bonnie thinks she is a great reader; who knows, maybe she is? She does enjoy books. She is talking more every day. She says some very silly stuff.

Warren is a good big brother to Bonnie. He shares his toys and his time with her. During the first snow this year, they went out and did

some plowing and sledding with Chester (note the stuffed raccoon in the dump truck.)

At Halloween, Bonnie took over being Tigger this year and Warren turned into a knight. He called himself Alfred after a dragon that was turned into a knight.

## Summer Events

Warren got a bike this spring and named it Menards The Great! He has become quite the

biker and it only took 1,963 crashes; some worse than

others. He has survived better than either pair of his glasses.

Speaking of glasses, Bonnie went in to have her eyes checked and scored this fancy pair of shades. Her eyes tested OK at this point so no glasses for her.

We all went down to Rice Park in St. Paul and took in a show by our good friend Dennis Warner. The show was cut short due to "weather" issues; but we

saw several friends at the show. Warren had one of his favorite Dennis songs dedicated to him at the show. You have to like those home grown tomatoes.

There was a big Knudson family reunion this summer as everyone was in the country at the same time! Bonnie and her cousin Marit got to meet for the first time. They make quite the cute pair.

All the cousins were wrangled into the same place at about the same time where numerous pictures were taken. This was the first time that all of these cousins were together. Count 'em up, there are 19 (9 boys and 10 girls.) Oldest is Forrest and youngest is Bonnie.

July ushered in several great events. We joined up with the rest of the Schwiegers at Grand View Lodge to celebrate some of them. We celebrated BJ and ED's 50<sup>th</sup> anniversary, Bonnie's 2<sup>nd</sup> birthday, and Christopher's 13<sup>th</sup>! Bonnie and Christopher share a birth date but they aren't twins; nor are they the same age. We did all of this with the newest addition to the family, Derek Kightlinger. You may recognize the last name as that is now Roberta's.

nice day for it. The sun was out as was the cool air from Lake Superior.

They have many things to see and do. Bonnie thought the

giant grizzly bear was a teddy. Then she took a ride on the Warren frog. You just can't teach a kid how to make a face like that; he's a natural.

## The Tooth

Warren has gotten to the age where his teeth aren't as good as they were when they first came in. So they have started to fall out. Since this picture, he has lost another.

## Cowgirl Bonnie

Bonnie got several opportunities this summer to ride the pony at Grandma's house. Aunt Rene was showing her the ropes. Bonnie loves all the animals out at Grandma's.

## Mama and Papa

Arthur and Barbara are doing well; trying to keep up with "The Kids" and all of their running around. Arthur is still working with the start-up company Adestinn. He holds a high office in the company but as with most small companies, everyone does.

**Happy holidays to all!**

*Arthur, Barbara,  
Warren, & Bonnie*

Warren and his Papa made it to the Nowthen Threshing Show again this year. They spent just about the entire day walking around looking at some very old tractors and threshing machines in action. In the blacksmith area, Warren showed off his tremendous strength by lifting one of the anvils.

## Duluth

We took a three day weekend trip up to Duluth Minnesota. Warren wanted to watch the big ore ships come into port. Unfortunately none were scheduled when we could watch them.

We stopped at the Duluth zoo on our way into town. Bonnie loved seeing the "teddy bears." Barbara had been to this zoo before; none of the rest had. It was a
